**Step 5:**
Install the OEM airbox lid back onto the airbox. **Make sure to slide the two plastic tabs exactly inside the airbox.** double check this step by pulling up the airbox lid. If the lid comes up in front, the tabs are not inside the airbox. (picture 8).

**Step 6:**
When the airbox lid is installed correctly secure the airbox lid using the OEM bolts (Picture 10) and install the seat back onto the bike.
